So here I go  
I'm stumbling for the words to say  
But you don't ever fail to shed your grace on me  
So here I am on my knees

And I can't say what you can see in me  
But I'll take what grace you'll give  
And what did I do to ever merit this?  
I guess I'll never know

So I break down  
The way I could be, the way I should be now  
Reflects the beauty of your heart, your smile, your love  
That I'm blessed to have known

I know now that you're the one for me
