Sittin in the classroom,
Looking out the window,
Thinkin bout what my life could be
If everythin suddenly changed

Soon, the bell rings, and kids
Rush to be free. Not me. I walk
Alone down the way, and I see you
Up ahead. And what do I do?
I walk to you.

And you turn around and wrap me in your arms
And I can't believe it's happening to me.
And then I get snapped out of the daydream
And I'm done dreamin bout him.

DREAMIN BOUT HIMM. I am I am I am.
I always dream, day or night, he's
In my thoughts every minute of everyday
He's breakin me down! I'm bein
Torn to pieces.

Dreamin, dreamin, dreamin, oh ho.
Dreamin, dreamin, dreamin, oh whoa.
Dreamin, wishin, hopin, but mostly
Dreamin, bout him.

I'm dreamin I'm dreamin I'm dreamin
Bout him so much it breaks me down.
I'm bein torn I'm bein torn to pieces
Little by little
Oooohhh.
DREAMIN BOUT HIM
