Your scars cast shadows when you're dreaming,  
And time just wont heal your wounds,  
That hole inside you keeps on weeping,  
And you're feeling all alone, then...

Throw your arms around me,  
I'll be right here if you fall,  
I'll be right here if you need me,  
I'll be right here when you call me my friend,  
If you need me, my friend...

When there's no light in the evenings,  
And there's no hope inside of your heart,  
When all the things you ever dreamed of  
Start to bleed and fall apart, then...

Throw your arms around me,  
I'll be right here if you fall,  
I'll be right here if you need me,  
I'll be right here when you call me my friend,  
If you need me, my friend...

When you feel you're slowly drowning  
Under all these world's black days,  
And you feel you're slipping under...  
From the weight of all your pain, then...

Throw your arms around me,  
I'll be right here if you fall,  
I'll be right here if you need me,  
I'll be right here when you call  
Throw your arms around me,  
I'll be right here if you fall,  
In my arms I'll carry you from here,  
Me friend, I won't leave you down...

No me friend,  
Me friend I won't leave you down  
No me friend,  
Me friend I won't leave you down  
No me friend,  
Me friend I won't leave you down

No me friend,  
Me friend I won't leave you down...
