"Desolate Obscurity"

Drain his impure blood
A monument of blasphemy
Drink from the decayed skull
The flesh of a sinister lord

Entering the dominion
Temptress of the damned
Vile creatures of chaos
Crush the holy trinity

Nazarene shall wither
Infidels of the cross
Blessed lambs will die
The soul of Belial rises

We are draped in the saviors skin
The foul shroud of bleeding death
Hell brings an evil misery
Over this world of a dead god

Entering the dominion
Temptress of the damned
Vile creatures of chaos
Crush the holy trinity

Desolate Obscurity

Drain his impure blood
A monument of blasphemy
Blessed lambs will die
The soul of Belial rises
