Where will you take me to  
My one and only  
If I can wait for you  
To thread a heart beat  
Clear across the sea?

If you should wait for me  
I am your true thing  
I'd bring you to your knees  
If you could hear this thing  
Calling out to you

I wanna go where tears don't rain on me  
I wanna go clear across the world someday  
I wanna find a warm cocoon to wrap us in  
Where nothing can take you away

The sound of you and me  
Is like no other  
If we could truly be  
Unto each other  
One song that heaven sings

Chorus

When you walk with me, you change your step  
To move your feet with mine  
And I can't tell if I'm ahead or if you're a bit behind  
But who in the world who in the world, who in the world  
Would do that for me?

Chorus
