He's a dangerous man from Uzbekistan
He is the Tashkent Terror and I can't say fairer
And he don't give a fuck coz he took too many drugs
(allegedly)
And I miss him very much, so we try to keep in touch

So heres my band with a great new sound
And we carry his name for a brand new fame
We sing it fom our knees and we sing it from the trees
And you know you won't renounce it, coz you probably
can't pronounce it
