I think that I'm falling in love  
There's a strange yellow sky up above  
and this alien girl on my arm says  
you don't have to worry anymore  
you don't have to worry anymore  
you have finally found a planet  
where there's still room for one man to be free  
and there's only you and me  
there's a voice on my radiophone  
callin' ranger it's time to come home  
if I don't answer will it go away  
you don't have to worry anymore  
no, you don't have to worry anymore  
you have landed on a planet  
where there's still room for one man to be free  
only you and me
