I've been searching for someone that I can call my own,  
..and need to feel the sense that I belong.  
I have always wanted to be part of something real,  
Now I'd come to understand it,  
Gotta work it here.  
Nothing comes easy!  
You better believe it, aha!  
,  
Take it or leave it, aha!  
Come on, are you ready?  
Come and get it?  
You won't regret it, no, no!

Give me love, I'm looking for?  
Are you the one I'm looking for?  
Where is the love? (x3)

Thanks to Iulia
