Drink it up  
With the wolves tonight

Nailed to that cross  
So my hands are tied

I'm calling off  
Your demons in my head

Don't wait up for me  
Note that I left

Get out  
Get out  
Get out  
Get out

Witches burning  
I'm under your spell

Caught in your web  
It's too late now

Dust to dust  
No sympathy

Shoooot me down love lies bleeding

CHORUS

I'm goin out with the wolves tonight  
The lonely wolves tonight

You said wait for things to fall in line  
But it hurts tonight

Drink it up with the wolves tonight  
AND GET OUT  
GET OUT  
GET OUT  
GET OUT

## BRIDGE

Oooo the devil texture stole my soul  
Heres blood in your eye

Ooo I'm upstairs to nowhere now  
Wont be back tonight

Don't have time  
For it too fall in line

GET OUT  
GET OUT  
GET OUT  
GET OUT

Telephone rings  
Late at night  
Callin from the grave,  
Gimme another pint

Listen ot he words  
Whispering

Not coming back  
So don't look for me

## CHORUS

I'm goin out with the wolves tonight  
The lonely wolves tonight

You said wait cuz it will take some time  
But it hurts tonight

Drink it up with the wolves tonight  
To drown the love that's died

Raise it up with the wolves tonight  
And get out  
Get out  
Get out  
Get out
