It's after midnight when they erased my mind
They took me into the sky in service of mankind
Don't you be telling me that I ain't feelin well
A new monsters come and they're mad as hell

Go
Get away
Go
Get the hell out of here now
Don't tell me you don't see
There's no time for you, and your ****ing life

They brainwashed us with disease to make us drink
and
Drive
They implant us with the chips to have sex with their
Kind
This town ain't big enough for you and my kind
I got a gun and I aint fraid to die

Go
Get Away
Go
Get the hell out of here now
Get the hell out now
Don't tell me you don't see
There's no time for you, and your ****ing life

Invasion
From outer space

Experimentation has opened my eyes
The true enemy of mankind
There's nothing worse than you by my side
You're the alien of the worst kind.

Don't tell me you don't see
There's no time, for you, and your ****ing life

Invasion
From outer space
