Verse1:

I hear the sound of a generation
Lifting their voice
Rising as one
Now is the time for Your name to be lifted high

Verse2:

Forever we'll sing out the things You have done
Nothing compares to Your power and love
Now is the time for Your name to be lifted high

Pre-Chorus:

We lift Your name higher than anything
King of king forever we will sing

Chorus:

Forever we will sing
Glory to the King
Forever... Forever
Name above all name
We will shout Your grace
Forever... Forever

Bridge:

Forever... Forever
Forever we will shout Your name
