[Verse 1:]

We gather your praises
We're making it loud
And all of creation
Will join in the sound

[Verse 2:]

The song of your freedom
Is all around
And we the redeemed will
Shout it out

[Pre-Chorus:]

This is the shout of victory
This is the shout 'cos we are free

[Chorus:]

You are high and lifted up
More than anything
All creation lifts You higher and higher
We shout this song of victory
And we'll keep singing
In Jesus there's freedom

[Bridge:]

This is the moment this is the hour
This is the time we're gonna shout it out
You are our freedom You are alive
Jesus Jesus
