You have come into my heart  
turned my life around  
You have made something new  
turned me upside down

i will never be the same  
You showed me how to change  
always will my heart be true  
cos i wanna live for You  
(we're gonna dance before the King)

cos You are the One i want  
You are the One i need  
You are the One i love  
cos Jesus You're Everything

You are the Great all Mighty,  
You are the Light inside me  
You are the One i love  
cos Jesus You're Everything
