Ohhh
(A plan of my own)
Ahh Ohhhh
Too many times I hear; "I don't want to know"
Then you claim how much you've grown
When's it gonna show?
When there's something for you
I just gotta tell
So listen, and learn
And you better listen well

Actions, speak louder than words
That rules the day
Talk is cheap, that's your way
Gotta keep moving
All you do is talk
Won't need a step on the way
Others walk

I got a plan of my own
Listen and learn
I've waited so long and you've already shown me how
the story goes
I got a plan of my own
Listen and learn
Ohhh
I got a plan of my own

Keep hearing the stories
Telling me of your plan
I already know exactly, where you stand
There in the middle
Center of the pack
But I know its you
You're the one that holds me back

Action, not words
That's your only way
Talk is cheap - you make it that way
I'm moving on
You only talk the talk

I'm showing you now
How to walk the walk

I got a plan of my own
Listen and learn
I've waited so long and you've already shown me how
the story goes
I got a plan of my own
Listen and learn
Ohhh
I got a plan of my own

Ohh
I'm moving on
Ohh
I'm moving on
Ohhhh
Ohhhh woah ohh ohhh

Actions speak louder than words
Talk is cheap, that's your way
Gotta keep moving on

I got a plan of my own (I've got a plan of my own)
Listen and learn
I've waited so long and you've already shown me how
the story goes
I got a plan of my own
Listen and learn
Ohhh
I got a plan of my own

I got a plan of my own (ohhh)
Listen and learn (listen ohh learn)
I've waited so long and you've already shown me how
the story goes (how the story goes)
I got a plan of my own
Listen and learn
Ohhh
I got a plan of my own

I got a plan of my own
Listen and learn
I've waited so long and you've already shown me how
the story goes
I got a plan of my own
Listen and learn
Ohhh
I got a plan of my own
