"Fumes From The Swamp"

Hold us far beyond justice
Force your will through
Erratic Behaviour Without end
We appear for you like a godsend

Rise
For freedom we unite
The chains belong to their lives

Same situation grows on us
Same as it always will be
Distorted thoughts of incoherence
We evolve like fumes, fumes from the swamp

Rise
For freedom we unite
The chains belong to their lives

Fear the change
We evolve like fumes from the swamp

Pride is found within ourselves
We believe only in our own moral
Remember this day, remember this moment
Your story ends, and ours begin.

Rise
For freedom we unite
The chains belong to their lives
