I have to feed on you for a second time
Gain strength for a failure of two
Find a nuisance
Find a friend
I have to force lies into you again
I make my back through
I tell a lie so cold
Blind - sympathize
I'm victimized
A real fuck up

I'm chosen
Stuck in your mind
I'm focused
The art of defiance gets me through

A sole figure
Reflects the dark
Let my spirit walk
Through crop fields
Through formation
Nothing grows
A blunt reality
Soaked with regrets
In my hibernation
Unreal sensation

I'm chosen...

I had to sacrifice you
To my war within
The current is so strong
My mental landscape
Rearranged and diffused
Let me go to my sacred place again
When it all comes down
I see you burn my friend

I'm chosen...

The chosen
Devours you whole

So eager
A quick fix through the cold
