Direction, I lost my way
Away from this mess I've made
Help me out, I need a friend
To set me straight, to start again
Direction, out of here
Decisions made were misguided
Can't see right in this haze
Need a hand to escape this daze

Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
It takes time
It takes time

Direction, I accept
Your words unwind and help reflect
In action I will correct
To set things straight, to rise again

Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
It takes time
It takes time
Direction, direction
Direction, direction

Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Light's out, oh oh oh
Direction, direction
Direction, direction
