What you say is what you get, keeps repeating through
your head

This has now become your life, turned away from your
advice

Tired it tells, shame I noticed

You feel fine but you're losing focus, losing focus

This song is for you

(This song is for you)

Because you work so hard

(This song is for you)

When the day is done, we'll have some fun

(This song is for you)

This song is for you

Sacrifice and push aside, take adversity in stride

On the mark every time, givin' 'er hell, ain't no crime

Doing well but now I noticed

Strength of mind, you stay focused, you stay focused

This song is for you

(This song is for you)

Because you work so hard

(This song is for you)

When the day is done, we'll have some fun

(This song is for you)

This song is for you

This song is for you, this song is for you

This song is for you, this song is for you

This song is for you

Because you work so hard

When the day is done, we'll have some fun

Yeah, this song is for you

This song is for you

(This song is for you)

Because you work so hard

(This song is for you)

When the day is done, we'll have some fun

(This song is for you)

Yeah, this song is for you
