I want to see you cry bitch.

Everything you ever loved is bullshit,  
I never cared,  
I never fucking cared.  
You should have listened to the people you fucked  
behind  
My back (they're right) I'm a monster  
And don't you think of ever showing your face here  
again,  
Or I'll rip it off and feed it to the hounds.  
I could never emphasize how much I just wish you were  
Fucking skinned alive.

And I'm glad the world is ending, no longer will I be  
Plagued by the thought of you.  
I will finally breathe again, with my soul at rest.(X2)

Quit your fucking bitching.  
once the skin is gone you wont feel anymore.  
This is for the good of the world,  
So quit your fucking complaining.  
You are the subject of my elegy,  
You are the topic of my eulogy.  
You are the ashes scattered across this shit wasteland.

Hell will welcome you with open arms.
