Fall down, kiss the ground once again  
This mire, too often my heart's desire  
Pick me up, and dust me off once again  
This mire, too often my heart's desire

I created my own shame  
Put a muzzle on my mouth  
And when I get so very anxious  
So very anxious, anxious, again

And bro, if things were left unsaid  
Tomorrow's sorrow's wait there  
Once again  
The silver pin holds up the night  
Refuse to sing their starry song tonight  
Goodnight  
Good day

I created my own shame  
Put a muzzle on my mouth  
And when I get so very anxious  
So very anxious again  
(x2)

We always go back  
Not this time  
We always go back, not this time
