Don't think, you'll get away
No one ever has
And don't think He'll turn His back
It doesn't work like that

You're caught just like me but
It's not really all that bad
I think, someday you'll understand
Let's just hope that day comes fast

I bet that you don't know
Just what it is you're running from
And your eyes are so blank
These kind of things are never good

You're caught just like me but
It's not really all that bad
And I think, someday you'll understand
Let's just hope that day comes fast
And I think, someday you'll understand
Let's just hope that day comes fast

You're running faster than I ever could
I guess you're right, I guess I can't understand
But what I know is you can run as fast and far as you
want
But it won't make any difference in the end

And you're caught just like me but
It's not really all that bad
And someday, I think you'll understand
Let's just hope that day comes fast
And I think, someday you'll understand
Let's just hope that day comes fast
