"The Way Of The Earth"

Just for the heartbeats
that you feel
Can't restrain what you
think is real
Takes just a moment
then pretend
The rest of your life you'll
be faking it

CH:
Save from the way of
the earth
For too long the
innocent hurt
Save from, save from me

Chasing the wrong, the
wrong gown
Running through the garden
looking down
You're finding it's like the
grasping of water
that could not last even if
you caught her

CH

I can't find my way back to
the softer part of this
old heart
I can't find my way back to
the softer part of me.

CH
