Locked down and alienated, confused and  
complicated  
Now it seems you still have my heart  
Shot down and unaccepted  
Sometimes i get the feeling everything is tearing out  
my heart

But im scared of what I'll find  
The search for answers just keeps going nowhere  
All i know is that it's killing me inside  
As i raise this final bottle to the sky

Here's to promises that die  
Here's to all the nights we said our last goodbyes  
As we burned another day off all our lives  
Here's to memories that will fade, like the photographs  
that scream of better days  
Its all weighing on my mind

Knocked down and devastated  
Refused and understated  
Now I see how you stole my heart  
Now I'm forced to breathe without you  
Sometimes I get the feeling everything is tearing us  
apart

But im scared of what I'll find  
The search for answers just keeps going nowhere  
All i know is that it's killing me inside  
As i raise this final bottle to the sky

Here's to promises that die  
Here's to all the nights we said our last goodbyes  
As we burned another day off all our lives  
Here's to memories that will fade, like the photographs  
that scream of better days  
Its all weighing on my mind

But im scared of what I'll find  
The search for answers just keeps going nowhere  
All i know is that it's killing me inside

As i raise this final bottle to the sky

Here's to promises that die  
Here's to all the nights we said our last goodbyes  
As we burned another day off all our lives  
Here's to memories that will fade, like the photographs  
that scream of better days  
Its all weighing on my mind, weighing on my mind (my  
mind)  
Weighing on my mind
