Sit down and take a listen a story that's my confession
Of how you came into my life I wasn't sure if I was
ready,
I didn't think you were here already six weeks before
the estimated time, Mom and I were holding hands we
didn't think about the demands, with a tap on my right
shoulder, I looked up and felt so much older, you came
along, and I was there, I never felt so happy through,
all the hardship, and despair I never felt so happy my
baby boy, promise to never make you unhappy you're
my best friend, because you make me happy, and all
the times that I screwed up, and lost my temper i hope
you haven't given up, we're gonna make up for lost
time to spend some time together
Who says it's now or never I wanna show the world
you're here, you're here and as you and I walk holding
hands,
We didn't think about the demands having fun and
acting crazy, I love you my bouncing baby you came
along and I was there, I never felt so happy throughout
the hardship and despair, I never felt so happy my
baby boy, you're my best friend, because you make me
happy as you, and I walked holding hands, we didn't
think about the demands having fun and acting crazy, i
love you my bouncing baby boy, i love you my bouncing
baby boy, i love you my bouncing baby boy, i love you
my bouncing baby boy, sleep tight my bouncing baby
boy.
