"Should I Be Concerned"

Should I be concerned
That my thoughts are dark that I fall apart over nothing
And each sunset brings regret that another day will
soon be dawning

Should I be concerned
Should I be alarmed
That I'd rather stay in bed all day than get up
And face the fact you're not coming back
And nothing will ever be the same
Should I be alarmed

Maybe I should call someone
Maybe I don't need to be alone
Maybe I just need someone
To listen
To my story

Should I be disturbed
That my every move is outside the groove what am I
thinking
I might as well let it all go to hell what difference would
it make
Should I be disturbed
