If the moon could conceal
How it feels when it shines
And the stars could disguise
The beauty the skies reveal

Then the fire
I try to hide in my heart
Would remain out of sight
Here with you in the dark

Let's steal the sun
Before tomorrow comes
Daybreak might take
This all away

Let's be thieves
And rob the east of morning's light
Let's steal the sun
Before it steals tonight

Oh, how I've missed
Being kissed tenderly
Lips so soft and sweet
Touching my cheek like this

What else can I do
But choose to give in
The only way I can lose
Is if this feeling ends

Let's steal the sun
Before tomorrow comes
Daybreak might take
This all away

Let's be thieves
And rob the east of morning's light
Let's steal the sun
Before it steals tonight

Let's steal the sun
Before it steals tonight
