You waste your time always looking at me  
But don't you know you're never gonna get  
The opportunity to see the other side of me  
Now you caught me you caught me by surprise  
But i'll never question what i feel inside  
All i know is that

I didn't mean  
I didn't mean to love you

You waste your time always looking at me  
But don't you know you're never gonna get  
The opportunity to see the other side of me  
Now i'm sorry that i didn't see before  
All i wanted was to be your friend and nothing more  
So fuck you

I didn't mean  
I didn't mean to love you

You waste your time always looking at me  
But don't you know you're never gonna get  
The opportunity to see the other side of me  
Now you caught me you caught me by surprise  
But i'll never question what i feel inside  
You fucking bitch

I didn't mean  
I didn't mean to love you
