On my mind All my talk
From the lips of so many memories,
Sun, breaks the cool
Are you lost without a clue?
Stars still shine Winds will howl
All my friends (Oh, my friend) Sense you now
Now. Strange, so very strange
Ooh, yeah On my mind All my talk
From the lips of so many memories,
Sun, breaks the cool Are you lost without the clue?
Remain divided, we had our day
The help provided the sad display
Hello hello hello I saw you once before
In my dreams you've come to call
You are my friend, you are my friend
You touch my soul Ooh, ooh,
You touch my soul, oh-whoa Hello, hello, hello-oh
Ooh, hello, hello, hello-oh. Oh, yeah yeah yeah yeah
yeah
Oh, yeah, yeah, yeah, Oh So strange,
So very strange, now-ah
Come on, come on, come on, come on ...
Oh-ho-hoo Come on, ooh yeah
You are my friend, you are my friend, ooh Ooh-ooh-ooh
