Slow dancer, ooh no answers for you.

New moves to see.

Oh fast talkers in dark corners, for you

New words to hear.

Oh sly glances, ooh half chances, for you

The eye that sees.

When sun slips from the day

And the coolness brings relief

Theres no torment neath the stars

In the stillness of the night

When the swirling has to cease

Behind the safety of the veil.

In high places, darkened faces so indifferent

In days to be.

Oh lost race, no more loser, only winners

Return to see

New order can't be altered when the eyes

Refuse to see.

When sun slips from the day

And the coolness brings relief

Theres no torment neath the stars

In the stillness of the night
When the swirling has to cease
Behind the safety of the veil.
Soft spoken, never could be
Hearts leapin', hopes reachin'
To the heights, to the heights,
The signs to see
