Believe me when I tell you  
I will try to understand  
Belive me when I tell you  
I could never kill a man

But to know that another man's holding you tight  
Hurts me, little darling  
Thru the morning thru the night

The bond has been broken  
The promise you gave  
The words that were spoken  
I can not be your slave

But to know that the trust you had in me is gone  
Hurts me, little darling  
Thru the nighttime thru the dawn

I dreamed just last night you were there by my side  
Your sweet loving tenderness  
Easing my pride

But then I awoke and found you not there  
It was just my old memory of how much I care

Belive me when I tell you  
I will try to understand  
Belive me when I tell you  
I could never kill a man

But to know that another man's holding you tight  
Hurts me little, darling  
Thru the morning thru the night
