Ancient Forces From The Tomb
Behold The Power The Full Moon
Dichotomy From Outer Space
Dominates The Human Race
Makes Things Die And Makes Things
Grow
Once A Month It's Super Strong
Power Knows Not Right From Wrong

It Comes At Night
And Takes You Out Of Your Head
It Shows No Mercy
When It Gets You
Can Take The Living
And Can Make Them Dead
There's No Escape
When It Infects You
Primevil Power
In Its Most Deadly Form
You Can Use It
Or It Can Use You
