Storm - descends in hellish reign, a blight upon the
Skies
Run - all hope is now in vain, there is only time left
To die
Fire - unfolds it's choking grasp, a nuclear pyre upon
Which to burn
Scream - a nation breathes it's last, man is now ashes
And the world is his urn

The storm before the calm
A darkness without dawn
All hope and life is gone
With the storm before the calm

Burn - in throes of genocide, breath comes in fatal
Fumes
Choke - on toxic winds death rides, decrying all our
Dooms
Lost - the game ends in checkmate, and this time no
one
Wins
Dead - we'll see the truth too late, everyone dies for

One man's sins

The storm before the calm
A darkness without dawn
All hope and life is gone
With the storm before the calm

We can no longer pretend
That there is beginning, without end
And now, we must come to the end

Skies - stretch blackened overhead, an endless ebony
Tomb
Earth - crumbles beneath the dead, despoiled and
Consumed
Dead - ashes shroud to the land, to bury all our bones
Calm - a somber day at hand, a funeral with none left
To mourn

The storm before the calm
A darkness without dawn
All hope and life is gone
With the storm before the calm
