Okay

I want to let you know
that all this time I spent without you sucked
that everything I used to do, is not enough,
I just want to let you know,
I want to let you know,
that I already broke my phone, cuz it didn't tone,
I just want to turn my radio on, and sing my song,
I just want to let you know,
I just want to let you know,
I just want to let you know.

I want to let you know,
that I never found a sparring as today,
that I don't want to refuse, but i will not stay,
my body feels so fine, but my mind is still away,
I just want to let you know,
I just want to let you know,
I just want to let you know.

Okay

I don't want to hear your thoughtless speeches,
i don't want you to, be afraid,
I just want to tell you how much I want to stay,
cuz I want to stay,
I just want to let you know,
I just want to let you know,
I just want to let you know.

(WHOO!)

I just want to let you know.

I just want,
I just want,
I just want,
I just want,
I just want to let you know,
yeah.

And now you know,
yeah!.
