Put your headphones  
And remember what you've got  
Turn the TV Off  
And play Bertrand Burgarat

Shut the lights to see your silhouette at night  
Unplug the phone and free your mind

Surrender!

Let's give a rest to your underwear  
and let me know what kind of wine would you prefer  
After your bubblebath I will never forget  
The nice sound of waves breaking at the surf  
Am I dreaming? Or is this love?  
The magic fever burning in my heart

Surrender!

Put your headphones  
and remember what you've got  
Turn the TV Off  
And play Bertrand Burgarat

Am I dreaming? or is this love?  
The magic fever burning in my heart
