Well here it is
One more chapter in the story
How man struggles for glory
In his constant journey to reach the top
He thinks it's easy
but we both know it's not

The closer we get, the harder it gets
So little time remains 'til the end of the game
But we can make it if we try
No rules are set too hard

Use your eyes, use your ears, use your feet
Use your common sense to keep the beat
If at first you don't succeed try again
If you quit you ain't never gonna win
