Oh baby I'm lost without you I let you go away You said our love would never end I need to hear this again

And I know that you know What I think about you It's not hard to tell And I know that you know I'm not over you It's not hard to tell Et je sais que tu sais Que je ne veux que toi I can't let you go That's what I want What you need Yeah Cause I'm coming to get you To get you Feel like I'm gonna get you back Coming to get you To get you To find the what to heart I'm coming to get you To get you

Coming to get you
To get you
To get you
To get you

I never said I was sorry
But I'm the one to blame
Come on baby can't you hear me
I'm calling out your name

Feel like I'm gonna get you back

And I know that you know What I think about you It's not hard to tell And I know that you know I'm not over you
It's not hard to tell

Et je sais que tu sais Que je ne veux que toi I can't let you go

That's what I want What you need Yeah

Cause I'm coming to get you
To get you
Feel like I'm gonna get you back
Coming to get you
To get you

To find the what to heart I'm coming to get you To get you Feel like I'm gonna get you back

And I know that you know What I think about you It's not hard to tell And I know that you know I'm not over you It's not hard to tell

Et je sais que tu sais Que je ne veux que toi I can't let you go

That's what I want What you need Yeah

Cause I'm coming to get you To get you Feel like I'm gonna get you back

Coming to get you To get you To find the what to heart

I'm coming to get you To get you Feel like I'm gonna get you back

Cause I'm coming to get you To get you

Feel like I'm gonna get you back Coming to get you To get you To find the what to heart I'm coming to get you To get you Feel like I'm gonna get you back

Coming to get you
To get you
To get you
To get you
