I don't know what there's to say
The paper's full of bloody death
People gone people burned
People lost lovers dead
So I sit and stare into my window full of dust
Couples so happy
So why do they die in the end?

Why didn't I look at your gray eyes?
I don't need you anyway
Who am I kidding?

You will be here all night
I don't know exactly what that means, what that means
Look into my eyes and tell me what you see
From here I could look at all the beauty gone

Why didn't I look at your gray eyes?
I don't need you anyway
Who am I kidding?

Why don't you go away.
Never come back.
Now it's better again
Better again.

Will you be here when I'm dead?
Cause I'll never see you again.
I say goodbye, but you're already gone.
In a world that's so corrupt,
Leaving you is my best option
Turn back time, feel those thoughts
Look away and it'll be better again.

Why didn't I look at your gray eyes?
I don't need you anyway
Who am I kidding?
Who am I kidding?
