Four doors around you,  
No way to get out.  
My worth is gone,  
And my fear is lost.

A soul among millions  
Is not enough  
My flesh is all I have  
To guard me from time

Don't want no sympathy  
My fate's peaked already.

Feed you faith and your love  
And don't crawl back to me.  
Surpass all my needs,  
Cause I'm buried in concrete.

Freedom of freedom?  
Not hard to believe.  
And just like a rat's trap,  
We die cause of greed.  
You realize your potential  
And the world turns on you.  
Your miraculous skills  
Aren't wanted anymore.

Don't want your filthy greed  
Where are you supposed to be?

Take my money and my clothes  
Cause it's worth more than me  
Please just leave me here  
Cause I'm buried in concrete
