After all these cloudy days,  
The sun finally came.  
And a new beginning,  
Everything is full of life.

I wanted everything,  
Now it's the simple things I need.  
To hear that sweet whisper,  
Which made me always want toâ€¦.

Now I realize it's true,  
That everything is in full bloom.  
You are my butterfly,  
Don't fly away.

Now I realize it's true,  
That everything is in full bloom.  
You are my butterfly,  
Don't fly away.  
Don't fly away
