

## Abreaction "I Want You"

I won't find a peace of mind  
If you won't ever realize  
How much I want you.  
I don't want to sympathize  
With all the dramatic, hidden lies  
That you think will surround me,

I don't want the world to see  
What the hell you did to me.  
I don't want the world to see  
What you meant to me.

My first glance wasn't as serene  
As it was later that week  
When holy birds opened the gate.  
We were blind but you could see  
Is this for real or just a tease  
I just need to go away.

I don't want the world to see  
What the hell you did to me.  
I don't want the world to see  
What you meant to me.

Everyone has told me to  
Stay away from you.  
But you have that certain vibe,  
I've never felt before.  
And even though we've known each other  
For less than one week.  
I still want you.
