Baby, you don't understand  
When I touched your hand  
It was just a touch  
It didn't mean too much  
Now I'm ashamed because I want you to feel  
The same way that you did before this ordeal

You never told me  
What you felt  
Unless we were talking  
On the phone  
And I still feel that you were to blame

You never gave me signals  
Was I to read your mind?  
And I think you deceived me  
Society looks down on me again because of you

Years ago, we were the only ones who talked in the  
same group  
And now we treat each other like we are old enemies

Maybe we should stay apart  
Even though we're friends  
It shouldn't be too hard  
Until this nonsense ends  
Now I'm ashamed because I want you to feel  
The same way that you did before this ordeal

You never told me what you felt  
Unless we were talking on the phone  
And I still feel that you were to blame

You never gave me signals  
Was I to read your mind?  
And I think you deceived me  
Society looks down on me again because of you

Years ago, we were the only ones who talked in the  
same group  
And now we treat each other like we are old enemies

Time after time  
I give up  
I need you around  
To make me feel loved
