Long ago,
I was scared to call
A perfect stranger
On the other thinning line
Don't be nervous,
It's just another girl.
Will she call me back?
I don't know.
Will she call me back?
I don't know.

Don't take me to the other side,
Faces glow when we start to kiss.
I don't know
If she'll be back

Mindless aspirations
Where do they all go?
They cloud up my mind,
When I think of you.

I know that I love you
You just broke up with the other guy,
I'm sorry
But I want you

Mindless aspirations
Where do they all go?
They cloud up my mind,
When I think of you.

We're only friends
We're only friends
