In dust and darkness
You saved my life
I needed what you had
I needed your light

You took me in
And then you watched me go
You told me things about myself
That I'd never know

Goodbye, goodbye, goodbye, my love
Goodbye, goodbye, you were the one
Goodbye, goodbye, goodbye my love
All good things come undone

I hate to be leaving
But why would I stay
I don't have the freedom
To chose anyway

You knew I'd crumble
Oh, you'd seen it all before
But those are the kind of problems
We choose to ignore

Goodbye, goodbye, goodbye, my love
Goodbye, goodbye, you were the one
Goodbye, goodbye, goodbye my love
All good things come undone

We danced, we danced, we danced
We danced, we danced, we danced

Goodbye, goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye, goodbye

My love, my love, my love
My love, my love, my love
My love, my love, my love
Goodbye

Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
Goodbye, goodbye
