I don't need a man 2 buy me things
I don't need a man to be my king
Not looking for someone to hold me down
You gotta let me go if you want me around
We all need somebody
Crave somebody
Be somebody to love
We all want somebody crave somebody
So be somebody to love
Could you be the one to understand
That even though I'm strong I still need a hand
And when everything goes wrong and I'm losing my
faith
Are u still gonna love me when I'm hard to take
We all need somebody
Crave somebody
Be somebody to love
We all want somebody crave somebody
So be somebody to love
