She holds my heart  
Tight between her arms  
And when she smiles  
It all seems worth the world  
But time has torn us apart  
And we know it's you  
And I still need you here  
Still want to be with you

I get lost in your eyes  
You make me tremble and feel alive  
But I'm not quite sure I can wait anymore  
I need someone tonight  
Who makes me feel like I can fly

When she's on top of mine  
There's no more wrong or right  
And I, I won't lie  
I'd rather be with her then alone here tonight  
But time has torn us apart  
And we know it's you  
And I still need you here  
Still want to be with you

She said I get lost in you eyes  
You make me tremble and feel alive  
But I'm not quite sure I can wait anymore  
I need someone tonight  
Who makes me feel like I can fly

And I've been running inside my mind  
Running towards you  
Hoping that time is right

She said I get lost in your eyes  
You make me tremble and feel alive  
But I'm not quite sure I can wait anymore  
I need someone tonight  
I need someone  
She said I get lost in your eyes  
You make me tremble and feel alive  
But I'm not quite sure I can wait anymore

I need someone tonight  
Who makes me feel like I can fly
