Am I just another dancing partner

Do you smile at every boy this way

Do you hold them all until

They're breathless

Do you always find nice things to say

[CHORUS]

When this dance is over

Will you dance with me once more

My heart tells me you're

The love I'm longing for

[VERSE 1]

If I'm just a dancing partner

Then I wish this dance

Would never end

[Repeat CHORUS]

[Repeat VERSE 1]
