This little girl didn't care what anybody said
She got the whole world dancing to the music in her
head
They loved to trash her bad, laugh at her and call her
names
And now they all try to copy her, isn't that a shame
It only made her stronger

Don't stop, stop the music
The world will keep turning if you use it, get out there
and
Don't stop, stop the music
People keep on dancing, you can do it
Baby come on
Baby come on

He knew that he was different
This sucker couldn't win
They didnt dig his vision
They tried to fit him in
But there's no room for losers
Until they make you change
And then you love them
Tell me how much longer...

Don't stop, stop the music
The world will keep turning if you use it, get out there
and
Don't stop, stop the music

People keep dancing, you can do it
Baby come on
Baby come on

You've got a perfect body, you've got a perfect smile
You're unlike anybody, got your own shine, come on

If you just keep on dancing, then you won't feel no pain
Baby it's your decision, only you can break a chain

Music like love floating in the air
You can reach out grab it everywhere

Show you you're special loved
You were put here on earth to make goodness for
people
Better make it worth living while the world still spinning

Don't stop, stop the music
The world will keep turning if you use it, get out there
and
Don't stop, stop the music
People keep on dancing, you can do it
Baby come on

People keep on dancing, you can do it
Baby come on
