When this world gets you down Ill always be around I  
will be there for you, ill be there for you

And if your feeling small Ill help you through it all I will  
be there for you, Ill be there for you

And if you need me you gotta let me know Cause you  
know you always got somewere to go

(Chorus)

Oh if you put your hand in my hand Put your trust in me  
and I wont let you down I will always be there for you Oh  
if you put your heart in my heart Take a walk with me  
and I will show you now We can leave the pain behind  
us hand in hand

If you just need a friend When the heartache starts  
again I will be there for you, Ill be there for you

Ill chase the hurt away My love is here to stay Ill be  
there for you, Ill be there for you

I know Im not wrong about what we got The thing we  
feel between us made us worth a lot

(Chorus)

Oh if you put your hand in my hand Put your trust in me  
and I wont let you down I will always be there for you Oh  
if you put your heart in my heart Take a walk with me  
and I will show you now We can leave the pain behind  
us hand in hand

You know i still want you baby (you know i still want you)  
You know ill always need you baby (you know ill always  
need you)

You know i still want you baby (you know i still want you)  
You know ill always need you baby (you know ill always  
need you)

You know i still want you baby (you know i still want you)  
You know ill always need you baby (you know ill always  
need you)

Always be there Ohh
