I wanna get you by yourself
Yeah, have you to myself
I don't need nobody else
I don't want nobody else

He's special, I know
His smile, it glows
He's perfect
It shows
Let's go!

I've been starin' at ya
And I could do it all night
Your lookin like an angel
Kinda body needs a spotlight

Aint nobody know your name
But lookin like you do could be famous
I can see us makin ways
From the back of the club to a bed in the shade

Don't know who you are
But you look like a star
And everybody here thinkin
Who's that boy

Wanna take you home
And get you all alone
And everybody here is thinkin
Who's that boy

He got me
I never see
One like him
He's everything

Girls they want him
Guys they wanna be
Who's that boy
Who's that boy

You could say that I'm distracted

By how you got me so attracted
But boy I tell you what the bad is
Is no one else in this room lookin like your body do

Aint nobody know your name
But lookin like you do could be famous
I can see us makin ways
From the back of the club to a bed in the shades

Don't know who you are
But you look like a star
And everybody here thinkin
Who's that boy

Wanna take you home
And get you all alone
And everybody here is thinkin
Who's that boy

He got me
I never see
One like him
He's everything

Girls they want him
Guys they wanna be
Who's that boy
Who's that boy

Everybody in the club turn around sayin
Who's that
Who's that

Beautiful boy with them big brown eyes tell me
Who's that
Who's that

I got my eye on this boy
Can't get him off my mind
He's one of a kind
The cherry to my pie

I just want to get him close
Wanna make him mine
Come hold my hand
And dance away the night

Give me the green light
Kiss my lips
Who's that boy
Watching my hips

I-I-I wanna know who you are
My name is Dev
And you can be my star

Don't know who you are
But you look like a star
And everybody here thinkin
Who's that boy

Wanna take you home
And get you all alone
And everybody here is thinkin
Who's that boy

He got me
I never see
No one like him
Damn He's everything

Girls they want him
Guys they wanna be
Who's that boy
Who's that boy

Who's that boy
Who's that boy
