There's a chance that  
Animosity  
Derives  
From the death of  
Reciprocity  
I was here tell me where were you?  
Why wont you  
Embrace your monster  
Embrace your error  
With open arms

Please remember  
You have taught me  
Nothing new about my self  
Nothing!  
Know that!  
Know that I am done with waiting  
So fuck you  
I was here, tell me where were you?  
Cause I'm still here.

You weren't there  
Tell me where were you?  
I was here,  
Tell me where is the time you've wasted  
All that time you've wasted for me
